Solicitation Number:	IFB 2200 SSC1015
Description:	Spring Characterization and Faunal Assessment
Summary:	The City of Austin (City) seeks to establish a contract with a qualified Contractor(s) to provide Spring Characterization and Faunal Assessment. The project goals consist of: Systematically identify, characterize, map springs and major seeps, and assess for the presence of associated spring fauna, including neotenic Eurycea salamanders. This is to assist in development of a protocol for further characterization and prioritization for site monitoring in response to surrounding rapid urbanization and climate change.
