

Solicitation Number: IFB 6100 CLMC856A

Details

Basic Information	
Type:	Invitation For Bids (IFB)
Status:	Closed Solicitation expired on 08/12/2021 at 02:00 PM.
Solicitation Number:	IFB 6100 CLMC856A
Description:	Handcox Water Treatment Plant Process Bldg HVAC Impr Project
Summary:	HVAC will be added to the sodium hypochlorite (SH) building. A salt dust collection system will be added to the SH brine tank salt offloading. HVAC will be added to the filter building backwash blower room. Ventilation will be increased for the chemical building fluoride room. The absence of HVAC for the three (3) process buildings creates an operational difficulty due to overheating equipment. The salt dust created by salt offloading is drawn onto the equipment and creates a corrosive environment. The fluoride room requires additional ventilation for personnel safety.
Estimated Amount for Solicitation:	\$750,000.00

Subcontracting Goals

African American	2.03%
Hispanic American	2.87%
Native/Asian American	1.17%
