Description:	Airport Program Management Support Consultants Services
Summary:	<p>The Austin-Bergstrom International Airport ("AUS", "City", or "Airport") and the City of Austin, Department of Aviation ("DOA") are seeking an experienced firm ("Consultant", "Program Management Support Consultant", "PMSC", or "Prime Firm") with demonstrated technical capabilities and aviation experience to provide Program, Project, and Construction Management support services for airport facilities including airside, landside, terminal, utility, and related infrastructure projects. The Consultant will be integrated into a City-led, multi-department airport improvement program team that will be a blend of City and Consultant staff. The PMSC firm will be responsible for recommending, planning, and coordinating the administrative resources to provide timely support to AUS staff to efficiently deliver the Program. Key members of the Consultant's team are expected to be co-located at AUS with City staff. The successful Consultants will be airport experts with deep Program Management and Construction Management experience and able to provide AUS with various Program Management Support services, as requested, over the duration of the Airport Expansion and Development Program ("AEDP"). The AEDP will include projects with wide ranges in scope and complexity. The scale, concurrent projects, and operational complexity will require the PMSC to provide airport-specific expertise and specialty technical services for the Program to be successful. The preferred PMSC firm has deep technical experience delivering multibillion dollar airport capital improvement programs, uses alternative project delivery methods, and implements innovative technologies to support communications.</p>
