6.1 Basis of Competition. The City may compare Offers based on groups or categories and will choose the basis of competition that best meets the City's needs for the resulting contracts. The basis of competition for each RFP will be described in section 11, Evaluation of Offers below.

- 6.2 Minimum Responsiveness.** Proposals are Minimally Responsive when they include all of the Submittals listed in this Solicitation, completed and with sufficient detail in each to evaluate the Proposal in accordance with the Solicitation's Instructions. Proposals that are not Minimally Responsive may be deemed non-responsive and rejected.
- 6.3 Responsibility.** An Offeror is responsible if they have the financial and practical ability, resources, expertise, past performance and positive compliance history with all City ordinances. An Offer may be rejected if an Offeror is determined to not be responsible.
- 6.4 Clarifications.** Any time after the opening of Proposals, the City may contact Offerors to ask questions about their Proposal's contents in order to better understand these contents as-written. Responses to clarification questions, whether done verbally or submitted in writing, do not change the Proposal's contents. Clarifications are not to be confused with Discussions as described herein.
- 6.5 Evaluation.** Proposals that are Minimally Responsive will be evaluated based on the Evaluation Factors listed in Section 11.1 of the Solicitation Instructions. Evaluation Factors correspond to their specified Submittals and shall indicate their respective weighting next to each. Proposal submittals not identified as Evaluation Factors will be evaluated on a pass / fail basis in accordance with the Solicitation's Instructions and any further instructions within each Solicitation. Although minimum responses are required in all Submittals, the Submittals identified as Evaluation Factors will be used to differentiate the Proposals and to identify which Proposal(s) represent the Best Value to the City. The City's evaluation may be made without Clarifications or Discussions with Offerors. Proposals should, therefore, include the Offeror's most favorable terms.
- 6.6 Discussions and Proposal Revisions.** After completing initial evaluations, the City may enter into Discussions (communications which may include negotiations and feedback about the Proposal submitted) with one or more Offerors submitting the highest rated Proposal(s). Following the completion of Discussions, the City may request Proposal revisions from these Offerors. The City may seek multiple rounds of Discussions and Proposal revisions as deemed necessary by the City. The City may revise its initial evaluations depending on the contents of any Proposal revisions received following these Discussions.
- 6.7 Interviews/Presentations.** The City may require that one or more Offeror submitting the highest rated Proposals participate in interviews and/or presentations.

7 CONTRACT AWARD AND EXECUTION

- 7.1 Award Determination.** City staff will recommend Contract award to the Offeror(s) submitting the highest rated Proposal(s) based on the Evaluation Factors set forth in this Solicitation. The Award Determination will be published to Austin Finance Online and notice will be sent to all Offerors subscribed to the Solicitation.
- 7.2 Multiple Awards.** If the City determines that multiple contracts are needed, the City will award one or more additional contracts to the Offeror(s) submitting the next highest rated Proposal(s).
- 7.3 Contract Execution.** Contracts within the City Manager's authority will be awarded and executed simultaneously. Contracts above the City Manager's authority will be executed following their authorization by the Austin City Council.

Offeror and any of their representatives. Only information regarding the Solicitation documents and the Offeror's Offer (including City's evaluation of the Offer) in response to the Solicitation will be discussed.

- 8.3 Reservations.** The City reserves the right to: (i) specify approximate quantities in the Solicitation; (ii) extend the Solicitation due date and time; (iii) add additional terms or modify existing terms in the Solicitation; (iv) reject an Offer containing exceptions, additions, qualifications or conditions not called for in the Solicitation; (v) reject an Offer received from an Offeror who is currently debarred or suspended by the City, State, or Federal Government; (vi) reject an Offer that contains fraudulent information; (vii) reject an Offer that has material omissions; (viii) reject any or all Offers; (ix) procure any goods or services included in this Solicitation by other means; (x) consider and accept alternate Offers, if specified in the Solicitation, when most advantageous to the City; (xi) reject an Offer if prices in the Offer are unbalanced (some prices are significantly high and other prices are significantly low) and/or (xii) waive any minor informality in any Offer or procedure so long as the deviation does not affect the competitiveness of the Solicitation process.
- 8.4 Protests.** The Purchasing Officer has the authority to settle or resolve any claim of an alleged deficiency or protest. The procedures for notifying the City of Austin of an alleged deficiency or filing a protest are listed below. If you fail to comply with any of these requirements, the Purchasing Officer may dismiss your complaint or protest.
- 8.4.1** Protest regarding the Solicitation (Pre-Submittal Protest). Any protest regarding the Solicitation by the City shall be filed no later than five (5) days prior to the due date and time for proposals. Any protest filed after that date which raises issues regarding the Solicitation will not be considered.
- 8.4.2** Protests regarding the evaluation of Proposals. Any protest regarding the evaluation of Proposals by the City shall be filed with the City no later than five (5) days after the notification of award recommendation is posted on Austin Finance Online, or notification that the protestor's status as a Offeror has changed, such as notification that an Offer has been found to be non-responsive or an Offeror has been found to be non-responsive. Any protest filed after such date which raises issues regarding the evaluation will not be considered. Offerors may only protest the evaluation of their Proposal.
- 8.4.3** Protest Regarding Award of Contract (Post-Award Protest). Any protest regarding the award of the contract shall be filed no later than ten (10) days after the date of award. Any protest regarding the award of the contract filed after such date will not be considered.
- 8.4.4** You shall submit your protest in writing and it shall include the following information: (i) your name, address, telephone, and email address; (ii) the Solicitation number; (iii) the specific facts and/or law upon which the protest of the Solicitation or the award is based, including all pertinent documents and evidence thereto; and (iv) the form of relief requested.
- 8.4.5** Your protest shall be concise and presented logically and factually to help with the City's review.
- 8.4.6** When the City receives a timely written protest, the Purchasing Officer will determine whether the grounds for your protest are sufficient. If the Purchasing Officer decides that the grounds are sufficient, the Purchasing Office will schedule a protest hearing, usually within five (5) working days. If the Purchasing Officer determines that your grounds are insufficient, the City will notify you of that decision in writing.
- 8.4.7** The protest hearing is informal and is not subject to the Open Meetings Act. The purpose of the hearing is to give you a chance to present your case, it is not an adversarial proceeding. Those who may attend from the City are: representatives from the department that requested the purchase, the Department of Law, the Purchasing Office, and other appropriate City staff. You may bring a representative or anyone else that will present information to support the factual grounds for your protest with you to the hearing.
- 8.4.8** A decision will usually be made within fifteen (15) calendar days after the hearing.
- 8.4.9** The City will send you a copy of the hearing decision after the appropriate City staff has reviewed the decision.
- 8.4.10** When a protest is filed, the City usually will not make an award until a decision on the protest is made. However, the City will not delay an award if the City Manager or the Purchasing Officer determines that the City urgently requires the supplies or Services to be purchased, or failure to make an award promptly will

unduly delay delivery or performance. In those instances, the City will notify you and make every effort to resolve your protest before the award.

The Contractor shall factor the cost of processing credit card payments into the Offer. There shall be no additional charges, surcharges, or penalties to the City for payments made by credit card.
- G. The awarding or continuation of this Contract is dependent upon the availability of funding. The City's payment obligations are payable only and solely from funds appropriated and available for this Contract. The absence of appropriated or other lawfully available funds shall render the Contract null and void to the extent funds are not appropriated or available and any Deliverables delivered but unpaid shall be returned to the Contractor. The City shall provide the Contractor written notice of the failure of the City to make an adequate appropriation for any fiscal year to pay the amounts due under the Contract, or the reduction of any appropriation to an amount insufficient to permit the City to pay its obligations under the Contract. The City may request and review financial information as the City requires to determine the credit worthiness of the Contractor, including but not limited to, annual reports, audited financial Statements and reports, bank letters of credit or other credit instruments. 1.9 RIGHT TO ASSURANCE:

Whenever one party to the Contract in good faith has reason to question the other party's intent to perform, demand may be made to the other party for written assurance of the intent to perform. If no assurance is given within the time specified after demand is made, the demanding party may treat this failure as an anticipatory repudiation of the Contract.

1.10 STOP WORK NOTICE:

The City may issue an immediate Stop Work Notice in the event the Contractor is observed performing in a manner that is in violation of Federal, State, or local guidelines, or in a manner that is determined by the City to be unsafe to either life or property. 1.12 TERMINATION FOR CAUSE:

In the event of a default by either party, the non-defaulting party shall have the right to terminate the Contract for cause, by written notice effective ten 10 calendar days, unless otherwise specified, after the date of such notice, unless the defaulting party, within such 10 day period, cures such default, or provides evidence sufficient to prove to the non-defaulting party's reasonable satisfaction that such default does not, in fact, exist. Additionally, the City shall have the right to act in accordance with the terms defined by "City of Austin Purchasing Office Probation, Suspension and Debarment Rules for Vendors." In addition to any other remedy available under law or in equity, either party shall be entitled to recover all actual damages, costs, losses and expenses, incurred by the party as a result of the Contractor's default, including, without limitation, cost of cover, court costs, and prejudgment and post-judgment interest at the maximum lawful rate. If such delay causes an increase in the cost of the work under the Contract, the City and the Contractor shall negotiate an equitable adjustment for costs incurred by the Contractor in the Contract price and execute an amendment to the Contract. The Contractor must assert its right to an adjustment within 30 calendar days from the date of receipt of the notice of delay. Failure to agree on any adjusted price shall be handled under the Dispute Resolution Clause. However, nothing in this provision shall excuse the Contractor from delaying the delivery as notified.

1.17 FORCE MAJEURE:

Contractor shall provide notice of the force majeure event to the City within three (3) business days of the event or delay, whichever occurs later, to establish a mutually agreeable period of time reasonably necessary to overcome the effect of such failure to perform. Subject to this provision, such non-performance shall not be deemed a default or a ground for termination. However, the City may terminate an order under the Contract if it is determined by the City that the Contractor will not be able to deliver goods or services in a timely manner to meet the business needs of the City.

Any violation of this provision, with the knowledge, expressed or implied, of the Contractor shall render the Contract voidable by the City.

1.27 INDEPENDENT CONTRACTOR:

No waiver by either the Contractor or the City of any one or more events of default by the other party shall operate as, or be construed to be, a permanent waiver of any rights or obligations under the Contract, or an express or implied acceptance of any other existing or future default or defaults, whether of a similar or different character.

1.30 MODIFICATIONS:

The Contract can be modified or amended only in writing and signed by both parties. No pre-printed or similar terms on any Contractor Invoice, Order, clickwrap agreement or other document shall have any force or effect to change the terms, covenants, and conditions of the Contract.

Should they choose this option, the City and the Contractor agree to act in good faith in the selection of the mediator and to consider qualified individuals nominated to act as mediator. Nothing in the Contract prevents the parties from relying on the skills of a person who is trained in the subject matter of the dispute or a Contract interpretation expert. If the parties fail to agree on a mediator within 30 calendar days of initiation of the mediation process, the mediator shall be selected by the Travis County Dispute Resolution Center. The parties agree to participate in mediation in good faith for up to 30 calendar days from the date of the first mediation session. Scope of Work

SOLICITATION NO. RFP 2400 GAZ3015

Description: SaaS Data Management Platform and Related Consultant Services

1. Introduction

The City of Austin Transportation Department is committed to providing the safest and most efficient, cost effective and sustainable roadway, bikeway, walkway and transit system for our community while providing safety education to all road users to encourage safe behaviors. Austin Transportation is also focused on increasing the efficiency of our existing transportation system by encouraging travelers to shift away from always driving alone in their vehicles and during peak congested periods, thereby helping to manage traffic congestion and maintain regional air quality. This work is enhanced with the provision of various transportation options, including shared mobility services such as bike-share, scooter-share, moped-share, and car-share, and other future technologies in the shared mobility industry. To better understand the landscape of shared mobility services, data management is critical for optimizing service and availability, protecting individual privacy, and understanding shared mobility patterns for infrastructure planning.

2. Purpose

The City of Austin Transportation Department (City) Shared Mobility Services Program seek turnkey Software as a Service Data Management Platform, aggregator, and associated consultant services to assist City staff oversee and regulate shared mobility services. The contractor shall manage, analyze, and report on real-time and historical data of shared mobility services operating in the City, as well as provide consultation services to coordinate projects among shared mobility service providers.

The selected contractor shall be skilled in ingestion, protection, and processing of data in alignment with the City's preferred data management specification and shall be responsible for coordination and maintenance of policies and assets relevant to the regulation of shared mobility services. The data manager and consultant shall use these skills to analyze and report data to support the following areas of the Shared Mobility Services Program: data management/data facilitation, data security, performance and compliance tracking, infrastructure planning, development of policies and standards, program enforcement and safety, and data audits. In conjunction with these skills, the data manager and consultant shall coordinate with shared mobility providers on establishing data management standards and policies specific to Austin's geography and ridership.

3. Background

The goal of the Shared Mobility Services Program is to expand the availability of safe and sustainable shared transportation options to encourage a shift away from drive-alone trips in service to the broader, long-range goals of the Austin Strategic Mobility Plan, Austin Smart Mobility Roadmap, Vision Zero, and the Austin Curb Roadmap. Shared mobility services are transportation systems of shared fleets that can be rented from the right-of-way and may encourage first- and last-mile connections to other modes of transportation. Shared mobility includes bike-share, scooter-share, moped-share and car-share, as well as any emerging new modes of shared transportation options.

Austin has embraced a variety of shared mobility options, from car-share in 2010 to station-based bike-share in 2013 and dockless scooter-share in 2018. The disruptive introduction of dockless scooter-share in 2018 activated a large ridership base that remains steady to present day. In response

to this disruption by dockless scooter-share, the City of Austin formally established the Dockless Mobility Program, now known as the Shared Mobility Services Program, to set forth regulations and oversight for safe operations of these services and any emerging technologies in the industry. Shared mobility services offer insight on transportation patterns for safety, infrastructure use and management, and future planning. Given the abundance of data from these services, robust data management and protection is necessary for proper regulation and planning around shared mobility.

4. Term of Contract

Any Contract awarded under this solicitation shall remain in effect for a term of four (4) year. The maximum award for all four years is \$140,000.00.
